

## 20 Universal human values for every entrepreneur

### Description

In the fast-paced world of entrepreneurship, freelancers, startups, and small to medium-sized businesses (SMBs), success is often seen purely in terms of profit, growth, or market share. But beneath every thriving business lies a foundation of core human values — principles that guide decision-making, relationships, and long-term sustainability.

Today, we'll explore **20 universal human values** and how you can apply them in your entrepreneurial journey, as **entrepreneur values**. Whether you're a solo founder, a freelancer, or a small business leader, integrating these values can build stronger brands, healthier work cultures, and more meaningful customer relationships.

### 1. Integrity: The bedrock of trust

For entrepreneurs and SMBs, integrity means being honest and transparent with clients, investors, and employees. It's about delivering on promises and communicating ethically. This builds trust, which is essential for long-term success and a solid brand reputation.

### 2. Respect: The foundation of loyalty

Treating your customers, partners, and team members with respect fosters loyalty and collaboration. Respect in business encourages positive interactions and repeat business — vital ingredients for growth.

### 3. Responsibility: Owning your impact

Entrepreneurs must take full responsibility for their outcomes, whether positive or negative. Accountability drives higher quality, better delivery, and ultimately, a more reliable business.

### 4. Compassion: Leading with empathy

Understanding the challenges your customers and team face helps you create human-centered solutions. Compassionate leadership also improves team morale and customer satisfaction.

## **5. Justice: Fairness in every deal**

Fair treatment in pricing, hiring, and partnerships promotes inclusivity and ethical practices. For startups and social ventures, justice ensures your business supports a fair and equitable ecosystem.

## **6. Freedom: Autonomy fuels innovation**

Entrepreneurs value the freedom to choose projects and design their schedules. This autonomy is what drives the creative and flexible spirit unique to freelancers and startup founders.

## **7. Peace: Calm over hustle**

Avoiding toxic hustle culture and fostering calm, focused work environments lead to sustainable growth. Peace allows for better decision-making and reduces burnout.

## **8. Love: Passion as a driving force**

Deep passion for your craft or mission sparks creativity and meaningful work. When you love what you do, it shows—and customers notice.

## **9. Tolerance: Embracing diversity**

Welcoming different perspectives and cultures fosters innovation and enables businesses to reach global markets. Diverse teams are more creative and adaptable.

## **10. Truth: Transparency in communication**

Being truthful in marketing and internal communication builds credibility. Authenticity resonates with customers and strengthens brand loyalty.

## **11. Humility: Embracing growth**

Accepting feedback and recognizing when to pivot is vital for entrepreneurs and freelancers. A humble mindset fosters learning and continuous improvement.

## **12. Gratitude: Building community**

Appreciating clients, employees, and supporters cultivates a positive environment. Gratitude helps retain customers and employees alike.

### **13. Trustworthiness: Delivering on promises**

Keeping your word and meeting deadlines is crucial for freelancers and solo entrepreneurs. Trustworthiness forms the basis of lasting partnerships.

### **14. Empathy: Solving real problems**

Designing products or services with empathy ensures they meet genuine customer needs. Empathy drives product-market fit and user loyalty.

### **15. Solidarity: Supporting each other**

Supporting peers, collaborators, and your local community builds a network of mutual growth. This is especially relevant for co-working spaces, local businesses, and purpose-driven brands.

### **16. Forgiveness: Learning without guilt**

Mistakes happen. Forgiving yourself and your partners allows you to move forward resiliently without getting stuck in blame.

### **17. Hope: Staying optimistic**

Entrepreneurship is full of ups and downs. Maintaining hope and a positive outlook helps sustain motivation through tough times.

### **18. Cooperation: Strength in partnerships**

Building strategic partnerships and collaborating across teams and freelancers leads to better results. Cooperation expands your capabilities.

### **19. Self-Discipline: Mastering your resources**

Managing your time, money, and energy wisely is essential for solopreneurs and early-stage founders. Self-discipline ensures steady progress even without external pressure.

### **20. Perseverance: Pushing through challenges**

The ability to persist despite setbacks and rejection is often the defining trait of successful entrepreneurs and business leaders.

## Tailoring values to your role

While all these values are important, certain ones resonate more depending on your entrepreneurial role:

- **Solo Entrepreneurs:** Freedom, Self-discipline, Integrity, Hope
- **Freelancers:** Trustworthiness, Responsibility, Respect, Perseverance
- **Startup Founders:** Empathy, Cooperation, Humility, Innovation, Resilience
- **Small Business Owners:** Justice, Gratitude, Solidarity, Accountability
- **Medium Business Leaders:** Leadership, Tolerance, Peace, Fairness, Vision

Understanding which values to emphasize helps you focus your energy effectively and align your business culture and strategy.

## Why values matter more than ever

In today's market, customers and employees increasingly seek businesses with purpose and authenticity. Companies grounded in strong values outperform competitors by creating meaningful connections and maintaining ethical standards even under pressure.

By consciously applying these universal human values in your entrepreneurial journey, you not only build a sustainable and ethical business but also contribute to a better society. After all, business is ultimately about people — and values are what make business human.
